

COMPANY FACT SHEET

OVERVIEW

- Manages one of the newest and largest fleets of light, midsize, super-midsize, and heavy jets in North America
- Operates as a business jet management, aircraft sales/acquisitions and air charter company under FAA Part 135 Regulations
- Founded by jet pilot Casey Miller in 2006, expanded with fellow pilot Solomon Short in 2011, as co-owners
- Manages over 35 client-owned private jets
- Headquartered at McClellan-Palomar Airport (KCRQ) in Carlsbad, California
- Aircraft located in Carlsbad, Fresno, Hawthorne, Long Beach, Sacramento, San Diego, Santa Ana, Van Nuys, CA; Houston, TX; Nashville, TN; Salt Lake City, UT; Scottsdale, AZ; Seattle, WA

FLEET

- Manages sixth largest fleet of private jets in the U.S. (upper one percent of industry)
- Ranks 11th for largest fleet of charter jets in the world
- Manages the largest fleet of Cessna Citation CJ3/CJ3+ and Embraer Phenom 300 aircraft in the U.S.
- Average charter aircraft age only 8.24 years, one of the youngest fleets in the charter industry
- Composition: Bombardier Challenger 605, Challenger 350, Challenger 300, Embraer Praetor 600, Legacy 500, Phenom 300, Cessna Citation X, Sovereign+, Latitude, CJ4, CJ3, CJ2, CJ2+, M2, Pilatus PC-24, Pilatus PC-12, TBM 900

SAFETY

- Holds the highest ARGUS Platinum safety rating
- Only five percent of charter operators have earned the Platinum rating for Safety Management Systems
- 99.96% flight completion for 40,000+ flights over 15 years

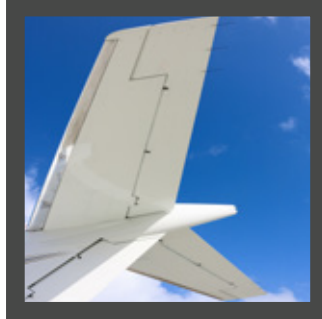

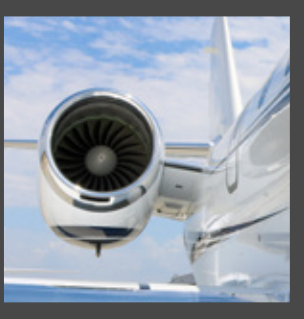

TRAVEL EXPERIENCE

- Available for round-trip charter and one-way flights, as available
- Offer a pre-departure, in-flight, and post-flight experience that can be completely customized to the liking of the passengers
- From customized pre-arrival and in-flight amenities to one-of-a-kind destination experiences, Latitude 33 curates memorable and elevated journeys for passengers
- Beyond a means of luxury transport that simply takes passengers from point A to B, the company is enhancing the guest experience by infusing curated luxury adventures into the private charter space
- Inspired by the keen sense of adventure of the company's two owners, Latitude 33 is not just flying business executives, passengers, and family vacationers that prefer private jet transport, but tailoring one-of-a-kind destination experiences to accommodate the new era of traveler that's seeking more palpable and sometimes off-the-grid adventures
- An example of a custom travel experience includes a 24-hour journey starting off with a surf session in some of the best swells on the SoCal coast, followed by heli-skiing Aspen's backcountry - complete with a pre-flight organic protein smoothie and/or an après-ski experience in-flight

INDUSTRY TRENDS

- Global fleet of business jets totals more than 22,000
- Forecast calls for 8,529 new business jets delivered worldwide from 2021 to 2031
- Deliveries valued at \$245 billion

15 YEARS OF SERVICE

"We've grown in all areas of the company. From number of aircraft sales/acquisitions, aircraft under management and charter hours flown." - Casey Miller, President
