Latitude 33 Aviation is an industry-recognized expert in delivering professional full-service aircraft sales, acquisition, and acceptance programs while maintaining a customer service record its clients can count on.

Managing one of the largest fleets of jet aircraft in the United States, our team has accumulated over 100,000 hours of flight experience. We operate and maintain aircraft on a daily basis, not just buy and sell them. With decades of cumulative jet sales experience, Latitude 33 Aviation has completed aircraft sale and acquisition transactions approaching \$300 million.

Founded and run by current, professional pilots, Latitude 33 Aviation's leadership has the unique perspective of the private jet industry's pulse from the front lines, not from behind a desk. Our team of aircraft sales and acquisition experts gathers up-to-the-second market data, allowing us to make the best decisions for your investment.
